Anthony Collins Solicitors LLP Funding Team

The Anthony Collins Solicitors Funding Team is a pre-eminent capital markets and funding team, unique in its position as the only such team undertaking this type of work without a London office.

It contributes to the firm's wider social purpose through helping clients solve the affordable housing crisis. It advises housing associations and other not for profit organisations on raising debt from funders, such as banks and the capital markets.

For Anthony Collins Solicitors it's not just the commercial legal work that is important but the end result of delivering a stronger and more connected society through enabling charitable housing association clients to deliver more affordable housing. A third of our team are flexible workers and all of our staff can work agile. We dress casually and do not insist on an office-based nine to five.

DLA Piper UK LLP Real Estate Team

This team is expanding after a phenomenal 2019 which saw it reiterate values including collaboration, excellence, being bold and supportive. It advises high profile clients on complex and strategic property matters, often with a national significance.

Key decisions influenced by this 12-strong, outstanding team include those relating to development, regeneration, transport and infrastructure. This can mean top-level advice concerning our city's iconic buildings. The team also has a passion for supporting its local community through a number of initiatives. It has also scooped prestigious national awards this year.

DWF Law LLP International Arbitration and Litigation Team

An expert team operates at the highest level in advising high profile clients on complex transactions of strategic importance.

Its 12 vastly skilled and experienced professionals have a wealth of major projects under their belt, throughout the Midlands and beyond, including advising on the delivery of HS2 phase one.

The company has recently refreshed its values to underline supportive, collaborative and excellent, innovative values. The company also supports the local community by providing pro bono skills in conjunction with the charity LaWorks as well as further afield at London's Outside Edge theatre company.

Harrison Clark Rickerbys Business Services Team

With one of the largest and most experienced corporate legal teams in the West Midlands, Harrison Clark Rickerbys has promoted home-grown talent to act for diverse business sectors, in construction, commercial, corporate, immigration and banking and finance. The Legal 500 highlights a prompt, efficient service from an approachable team. They have continued to advise on management buyouts, acquisitions and disposals of companies, post-acquisition issues, joint ventures, share schemes and more. They also provide clients with a vital support network that covers all aspects of their business by connecting them to funders and strategic opportunities to help them achieve business goals. In the coming months they will be maximising opportunities connected with the 2022 Commonwealth Games.

Irwin Mitchell LLP Employment Team

There are 29 people in the team, from paralegal to partner which makes it one of the largest both in terms of size and business generated. In 2019 the company continued to excel though expert handling of major cases and investing in people.

New relationships were forged and existing partnerships were developed. More than £20,000 was raised for the Papyrus charity.

The employment team at Irwin Mitchell offer expert advice across a variety of business sectors, ranging from employment litigation and advocacy to advising clients on day-to-day issues, including disciplinaries and drafting contracts and policies.

Sydney Mitchell LLP Dispute Resolution Team

Understanding the client and offering a bespoke service is crucial for this team as well as establishing a sound strategy. The dispute resolution team at Sydney Mitchell is a consistently leading financial performer within the firm.

Known for delivering the best in client care, the team often receives external recognition within the region's business community. Offering quality above all else is their ethos, quality staff, quality advice, quality work and quality client service, and they have a robust quality control process in place to ensure this applies in every case.
